Re: 60-Day Auto Extension for Expired Driver's Licenses, Permits and State IDs

This letter confirms that certain State of Hawaii credentials issued by the City and County of Honolulu remain valid through June 8, 2021.

Due to office closures for the health and safety of City and County of Honolulu customers and employees, and as part of the Governor's 19th Proclamation related to the COVID-19 Emergency signed on April 9, 2021, the state of Hawaii has issued an automatic extension for Hawaii driver's licensing and state ID documents that have an expiration date of March 16, 2020, through June 7, 2021.

The extension applies to documents issued by the City and County of Honolulu Department of Customer Services, including **driver's licenses, state ID cards and instruction permits**. The extension *does not* apply to annual motor vehicle registrations or safety inspections.

The extension period begins on the date of expiration listed on the individual's City and County issued document and runs through June 8, 2021. Additional extensions to that date depend on further guidance from the State of Hawaii.

If your expiration date is:	Renew or take action by:
March 16, 2020, through June 7, 2021	June 8, 2021
June 8, 2021, or later	Actual date of Expiration (no extension as of date of this letter) unless additional guidance is issued by the State of Hawaii

Of note, the Department of Homeland Security accepts expired credentials during the national State of Emergency. Go to www.tsa.gov for more information.
